Don't miss the online GI_Week 2021

Z_GIS is proud to host this year's conference of the International Society for Digital Earth (ISDE12) as part of the GI_Week 2021. Online events start on Mon, 5. July and merge into GI_Forum (July, 8-9) and the German-language AGIT (July, 7-8). Participants can attend the online events of all three conferences with just one ticket.

- > **GI_Forum Program**
- > **ISDE12 Program**

Meet & Talk

UNIGIS Meet & Talk

GI_Forum and AGIT participants will find the UNIGIS team on Airmeet, the platform that hosts the virtual conference. The online Social Lounge provides a comfortable and informal environment for discussion and exchange. You are welcome to visit our "UNIGIS-table" between 7th and 9th July!

UIA Academic Excellence Prize

This year's UNIGIS MSc thesis were of excellent high quality! Congratulations to the winner Lindsay Henne and Alexandre Dargains Auricchio de Oliveira, Olivia Alexandra Ortner, Charles Thompson and Sascha Woditsch. For the first time in its history 4 students share the same award –two of which are graduates from UNIGIS Salzburg (Offline Magazine, page 9). Congratulations!
